

|          | Domain                            | Topic   | Dates                     |
|----------|-----------------------------------|---|---------------------------|
| Topic 1  | Operations and Algebraic Thinking | Understanding Addition/Subtraction & Set Up Math Workshop | August 27-September 13    |
| Topic 2  | Operations and Algebraic Thinking | Addition Strategies                                       | September 16-September 27 |
| Topic 3  | Operations and Algebraic Thinking | Subtraction Strategies                                    | September 30-October 11   |
| Topic 4  | Operations and Algebraic Thinking | Working with Equal Groups                                 | October 15-October 23     |
| Topic 5  | Number and Operations-Base Ten    | Place Value to 100  | October 24-November 28    |
| Topic 6  | Number and Operations-Base Ten    | Mental Addition   | November 12-November 22   |
| Topic 7  | Number and Operations-Base Ten    | Mental Subtraction  | November 25-December 6    |
| Topic 8  | Number and Operations-Base Ten    | Adding Two-Digit Numbers                                  | December 9-December 20    |
| Topic 9  | Number and Operations-Base Ten    | Subtracting Two-Digit Numbers                             | January 2-January 17      |
| Topic 10 | Number and Operations-Base Ten    | Place Value to 1000                                       | January 21-February 4     |
| Topic 11 | Number and Operations-Base Ten    | Three Digit Addition and Subtraction                      | February 5-February 27    |
| Topic 12 | Geometry                          | Geometry  | February 28-March 13      |
| Topic 13 | Measurement and Data              | Counting Money  | March 14-March 25         |
| Topic 14 | Measurement and Data              | Money   | March 26-April 4          |
| Topic 15 | Measurement and Data              | Measuring Length  | April 7-May 2             |
| Topic 16 | Measurement and Data              | Time, Graphs, and Data                                    | May 5-May 23              |
| Step-Up  |                                   | Step-Up to Grade 3 Lessons                                | May 27-June 13            |

|        | Classroom Based Assessments       |
|--------|-----------------------------------|
| Lesson | Quick Check, Independent Practice |
| Topic  | Topic Test, Performance Task      |
| Domain | Domain Test, Performance Task     |

| Common District Assessments      |
|----------------------------------|
| Beginning of the Year Assessment |
| Middle of the Year Assessment    |
| End of the Year Assessment       |
| Fall Fluency Assessment          |
| Winter Fluency Assessment        |
| Spring Fluency Assessment        |
| Performance Task for each Domain |
